### **2015-16 NORTHWEST CONFERENCE FIRST TEAM SCHOLAR-ATHLETES**

**GRANT SCHROEDER**  
**George Fox University**  
**Football / Sophomore**  
**Corvallis, Ore. / Santiam Christian High School**  
**Major: Engineering (3.725 GPA)**

The starting quarterback for the Bruins in each of their first two seasons after reinstating the football program after a 46-year absence, Schroeder improved on all of his freshman numbers during the 2015 season. He threw for 2,241 yards and 17 touchdowns, ranking fourth in the conference in yards per game (224.1) and fifth in TDs. He also posted a completion percentage of 56.5 per cent. He was named the NWC Football Offensive Student-Athlete of the Week for Sept. 7-13. Under his leadership, the Bruins went 4-6 in 2015, with three more wins than in their first return season.

An Engineering major with a 3.725 GPA, Schroeder made the Dean's List each semester of the 2015-16 academic year. He is a recipient of the Schweiger Memorial and College of Engineering Scholarships, serves on the Student-Athlete Advisory and Engineering Student Advisory Boards, and is active in the Fellowship of Christian Athletes.

Says head coach Chris Casey, "Grant is a true leader on the George Fox football team and an outstanding student-athlete on and off the field. He has been critical to the success of the young program, stepping into a leadership role as a freshman and developing it as a sophomore."

**DAKOTA BUHLER**  
**George Fox University**  
**Women's Track and Field / Sophomore**  
**McMinnville, Ore. / McMinnville High School**  
**Major: English (3.816 GPA)**

One of several Bruins to compete in the NCAA Division III National Championships in 2016, Buhler is already second on the program's all-time list in the triple jump. She helped the Bruins to a second-place finish in the NWC by earning All-Conference honors in the 100 meter hurdles.

An English major with a 3.816 GPA, Buhler is a member of Sigma Tau Delta (an English honor society) and the inaugural class of the William Penn Honors Program. She co-wrote and presented a paper at the Northwest Communication Conference, participated in a mission trip to Uganda, served as a camp counselor at Camp Tapawingo, and worked with children's and youth ministries at Salt Creek Baptist Church.

Says head coach John Smith, "Dakota is always cheering on her teammates, encouraging them at practice. Annie Wright was the freshman she trained with all year and she came to all the event practices just to watch and encourage Annie. When we were preparing for nationals, she stopped doing all the heptathlon events and just focused on the triple jump. She is a great competitor, but is engaged with others and has a great relationship with some of her toughest competitors. She is humble in victory and gracious in defeat."

Head coach Cole McCool says, "Regan was undoubtedly the most aggressive player on our team. It's unique because she is a fairly quiet leader, but once she is on the field, her actions speak loudly. Her ability to be so physically strong and dominant while fouling so little is a great example of her sportsmanship. She plays extremely hard, but very clean. She was constantly juggling playing soccer at a high level with being a massive support system to multiple teammates at the same time. We would often come out to training and find Regan there early, helping other players on the team with certain aspects of the game. She was a completely selfless leader and cared more about the wellbeing of her teammates than anything else. I greatly admire her maturity."
